Email: [REDACTED]

CVOR #: [REDACTED]

Dear Sir/Madam

I have been advised by police that you are involved in activities which contravene Ontario Regulation 71/22, an Emergency Order under the *Emergency Management and Civil Protection Act*, or that one of your commercial motor vehicles is being used in such a contravention.

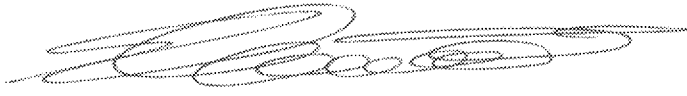

Pursuant to section 5 of the Emergency Order, you are hereby directed to discontinue such contraventions, to have all involved vehicles removed immediately, and to ensure said vehicles are not used in any further contraventions.

Please accept this as notice that your CVOR certificate and the plate portion of permits for **all** commercial motor vehicles operated by you may be suspended or cancelled and seized as a result of the contravention of the Emergency Order.

The Ministry of Transportation expects all CVOR holders to be in compliance with all legislative requirements at all times. To prevent further action as indicated above, you must take immediate action to resolve this matter.

Please contact CSIO@Ontario.ca for further information if required.

Dated at ST. CATHARINES this 16th day of February 2022.

Alfred Sean Doussept
Deputy Registrar of Motor Vehicles
